☐ Retired breeding dog

1. **Deposit.** Buyer pays a deposit of $ _____ , credited toward the price, under the same rules as Section 2 of the Puppy Purchase Agreement. Transfer happens once this Agreement is signed and the full price has cleared.
2. **Known conditions.** CwC lists everything it knows about this dog's health and history on the Breeder Disclosure Statement & Puppy Health Record (§122050). For any known disease, illness, or congenital/hereditary condition, CwC attaches a California veterinarian's statement under §122050(a)(6)(B). A condition disclosed that way is not covered unless, within 1 year, a California veterinarian states it requires (or is likely to require) hospitalization or nonelective surgery, or it causes death (§122085(c)). Known conditions (write "None known" if none):

   _____

   _____

   _____
3. **Health Guarantee.** Section 4 of the Puppy Purchase Agreement applies, with these differences:
   - The 15-day illness coverage and all rights under California law apply in full.
   - The congenital/hereditary coverage applies to conditions not listed in item 2 and diagnosed within 1 year of transfer.
   - Normal aging and dental wear are not illnesses. Effects of prior pregnancies, whelping, or stud use are excluded only if disclosed as in item 2.
4. **Spay/neuter.** CwC spays or neuters the dog before it goes home. The spay/neuter requirement in Section 5 of the Puppy Purchase Agreement does not apply.
